

Vaccination UK

towerhamlets@vaccinationuk.co.uk

02076139422

Secondary Schools

- ▶ All schools have been given a date for Vaccination UK to go in to deliver the HPV programme
- ▶ Most schools have a date in September 2019
- ▶ All schools received the consent packs with information leaflet in June/July 2019
- ▶ Currently in the process of getting all forms returned to us
- ▶ 2nd doses are to be given from April onwards at school

Catch up Clinics

- ▶ Anyone missed at school due to absence or not feeling well will have the opportunity to attend catch up clinics. (dates/locations TBC and distributed to all schools and GP's)
- ▶ Also this is available for anyone who didn't return a form to school and wants the vaccination

Uptake in schools

- ▶ Last year we vaccinated 86% of all girls in Year 8 in Tower Hamlets
- ▶ 13% refused the vaccination - most parents did not want to disclose the reason why
- ▶ This year we will be recording the uptake for boys and girls separately so we can see what the difference is

Data sent to GP's

- ▶ All data regarding vaccinations given will be sent to GP's on a weekly basis
- ▶ Will include date of vaccination given with batch number and expiry
- ▶ This will be sent using our NHS email vaccination.tower-hamlets@nhs.net

Challenges

- ▶ Pupils not returning their forms to school, misplacing forms
- ▶ Making phone calls home to obtain a consent
- ▶ Parents not wanting their children to have the vaccine as they are not sexually active yet

Other immunisations

- ▶ We offer the Flu spray to all primary schools for children in Reception to Year 6
- ▶ Diphtheria/Tetanus/Polio and Meningitis ACWY to all students in Year 9.
